

July 14, 1977

Mr. J. Harlan Burns

Cedar City, Utah 84720

Dear Mr. Burns:

On July 12th 1977, I visited the Kimberly Gold Mine to assess its operational status. No one was present and the operation appeared to be terminated.

As you may know, you will not need to submit a Mining and Reclamation Plan on this operation if it has been suspended or terminated prior to July 1st 1977. If this is the case, we would appreciate your opinion as to the future status of the property as your August 5th 1976 letter to Ron Daniels was inconclusive in this regard.

Sincerely,

DIVISION OF OIL, GAS, AND MINING
